

## Reading For Improvement

Philosophy survey in bathroom  
I scan at random. Unsystematic,

with these sages framing  
intellectual edifices. So, true

crystalline amid core stinks-that  
reeks of sarcasm for they ARE  
attempting to answer bottomless

questions: Who am I? Why  
is everyone a cramp in the ass?

But it's all of it Cloudville, Baby! Oh,  
know I should read the thing entire.

Preferably backwards.
